

Q10+ Remote Dose Pump

Single Peristaltic Pump

Q10+ Remote Dose pump is a single peristaltic pump system for dosing one chemical of detergent or rinse aid. Easy installation and configuration with reliable tube fittings make this system the ideal dosing solution.

Product Properties

- Compact design.
- Adjustable lock out time (2–60 minutes), red LED light illuminates when locked out to prevent overdosing.
- Adjustable full load run time (1–180 seconds).
- Adjustable pump delay time (0–20 minutes), LED light flashes to indicate that it is in delay mode.
- Optional prime feature.
- The Q10+ can be used for dishwasher dosing, when the remote is removed, allowing time, speed and probe mode option.
- Easy fit, plug and play handset with 5m cord.
- Relay mode operation when the handset is not connected.
